Claim to Fame

Challenge

Q

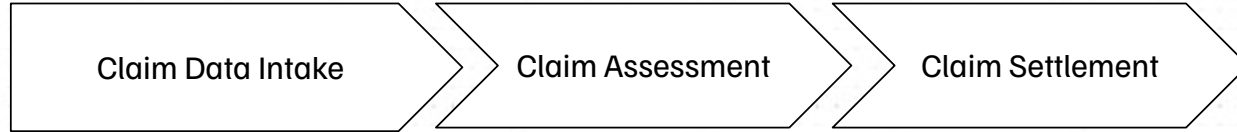

We aim to solve P&C Claims with AI.

Why do we care about P&C Claims

- Retail insurance payout in Germany alone: >55 Billion a year
- Natural catastrophes are becoming more frequent
- A lot of Claim Handlers will retire and not many young people choose this vocation
- ...

What happens in PnC claims processing – oversimplified

- Telephone, Documents..
- First Notice of Loss
- Follow up questions

- Plausibility & coverage check
- Fraud & recourse detection
- Cost estimation...

- Send experts
- Check invoices
- Make payments

What's special?

- Much unstructured data
- Claim can be open for a while → much data
- Live decision making
- Huge diversity of what can happen in a claim
- Little automation
- PnC Insurers exist around the world

Claim to Fame: Price sharp, Detect fraud.

Your Roles

Issuer

Set your charge a

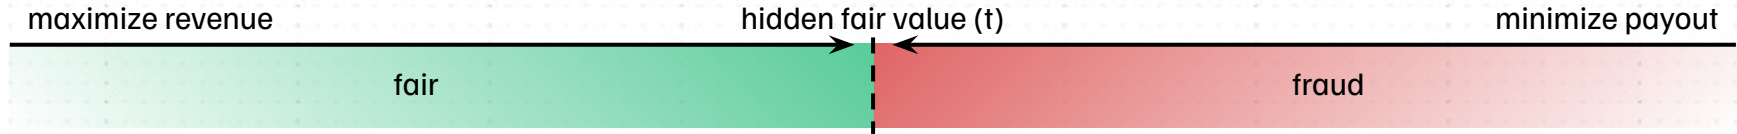

How high can you price without crossing t ?

Insurance

Set your acceptance limit b

How low can you go without rejecting fair claims?

You Face Every Other Team in Rounds

- New case released every 10 minutes
- 1 min. to analyze the case and submit charge price and acceptance limit
- You check other team's prices, they check yours

The Game – Summarized
